## 29 May - Browne is new name on Ladies Singles Cup (2019)

Dianne Browne won the Ladies Singles Tournament for the first time today - She is pictured here at the cup presentation with Rosie Richardson.

A disappointing field of just five female players took part this year, and the format was a double 'all play all' block (two games against each opponent).

Sally Toohar withdrew after the first round-robin of games, at which point Delia Norris headed the field good wins against Dianne Browne and favourite Helene Fensome.

Fensome had a poor morning with a second loss, this time to Browne.

Dee McKibbin made light of her high handicap status and can be proud to have taken Norris to the 13th hoop.

After lunch, Fensome regained some ground with wins over the remaining field and going into the last round there awls the potential of a three-way tie on games wins, meaning the net hoops count would be needed to find a winner.

Fensome and Browne both won their last games to create that tie, which was resolved the Norris on +6 hoops, Fensome +10 and the new winner Browne +15.

Rosie Richardson supplied champagne for everyone at the conclusion and presented her cup to the 2019 Ladies Singles winner Dianne Browne.

*Congratulations Dianne*
